Randy/Ted,

Below is the proposed general itinerary for LTG Wu's visit (CINC counterpart). Need your feedback by COB Monday if possible so I can pass for J5 and CINC approval beginning Tuesday. Our components have all indicated they can support--still have to lash tighter with ALCOM. I will pass to COL Wolf in Beijing--have passed telephonically already.

What funds are available from OSD to help support this visit? Appreciate any monetary help you can give.

I'll call you on Thursday to insure you got this--send feedback to unangsjc@hq.pacom.smil.mil as well as my address. My email still down!

VR, Steve.
